# Male Feeder Trough

Astino Male Feeder Trough, made anew by Galmaxx® Alpha Zinc 5% Al 1% Mg Alloy Coated Steel that provides better performance while remaining affordable.

- Special Features :**
- Enables males to feed side by side, thus reducing stress among male birds.
  - Seamless feeding access for all birds.
  - Ease of feed access allows more time to feed.
  - Takes less space compared to pan feeding systems.
  - Allows smooth manual feed distributing process before feeding.
  - Trough design provides even feed distribution.

## Technical Specifications :

<b>Bird Density</b>	Trough line positioned in the center	8 - 10 birds per meter accessible from 2 side
<b>Feed Trough</b>	Type	Medium Wide Trough
	Material	Galmaxx® Alpha Zinc 5% Al 1% Mg Alloy Coated Steel
	Dimension (mm)	109(W) x 84 (H) x 3048 (L)
<b>Winching System Options</b>	Manual	#3500 Overhead Winch
	Automatic	#3500 Auto Winch, 0.75kW, 50-60 Hz, 380V/3PH
